

Record Rack® Golden Deer Nugget™

Product Purpose: Record Rack® Golden Deer Nuggets™ are specially designed to attract and nourish deer with a unique nutrition-packed formula that contains the high-quality ingredients deer crave – and the balanced nutrition they require.

Product Features:

- Twice the nutritional value than corn to support growth and antler development
- Trace mineral package to support healthy antler development
- Higher vitamin levels to help support a healthy immune system during periods of stress from the environment and from the rut
- No waste or stopped-up feeders from corncobs and stalk trash
- Ideal for all wildlife, including quail and gamebirds

Feeding Directions:

- Feed in spin cast feeders (1.5" opening or larger), gravity feeders, covered troughs where the feed will not be exposed to rain. You can also toss on the ground as a treat if rain is not in the near forecast. This product is also popular to mix with corn for added nutrition.
- Feed free-choice to deer and game in their natural environment as a supplement to their natural diet when limited browse and forbs are available.

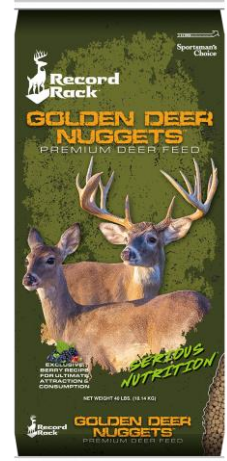

Warning: The feeding and baiting of wild deer is prohibited in some regions. Consult local laws and regulations before using this product.

CAUTION: Store feed in a clean, cool and dry location. Storage area should be free of insects and rodents. Do not allow animals access to feedstuffs that show signs of insect or rodent infestation. Do not allow animals access to hot or moldy feedstuffs at any time.
